# TYPES OF MEDICAL TOURISM

- Irrespective of where you are, We helps you identify the best hospital/ treatment centre for your medical condition. The right treatment centre could be available either locally or abroad.
- There are therefore three types of Medical tourism:

Just like domestic tourism, this means travelling from one city/ town to another city/town within the same country for medical treatment

This means people travelling from another country to seek medical treatment in your country.

This means leaving your country of residence to travel to another country abroad for medical treatment.

*We handle all types of Medical Tourism, according to the needs of our esteemed clients*
